

Good Mornings, Better Earnings

with custom-programmed, digital hearing aids

“ My co-workers would sometimes say good morning and think I was being rude because I didn't respond. I wasn't ignoring them; I just couldn't hear.

Now I can feel like I'm living in a whole new world! ”

Jose P.

\$30K in lost income annually by those with untreated hearing loss.¹

Save Thousands on Hearing Aids

1. Get your hearing tested.

To find a hearing test provider, call *hi HealthInnovations* at **1-866-926-6632**, TTY **711**, or call your health plan for an in-network audiologist or Ear, Nose & Throat doctor.

Save time if you already have a hearing test from the past year.

Simply send your hearing test results to us. We'll call you within three days with your hearing aid recommendations.

2. Order.

Conveniently order your hearing aids in-person, by phone or online. You will receive hearing aids that are custom-programmed and tailored to your specific hearing loss.
