No. Rally points are unique to Rally and are only good for use within our platforms. Rally points cannot be exchanged for an equivalent to real currency (For example, U.S. dollars).

What can I do with my Rally points?

Log in to Rally and check the rewards section to see all available options. From there, you can view the marketplace offers that are available. In the marketplace, you can choose to exchange points for discounts on a wide selection of popular items.

Sweepstakes, auctions and donations will be available if applicable to your plan and when offered by Rally. Sweepstakes and auctions allow you to exchange Rally points for the opportunity to win/or bid on items.

Finally, you may be able to donate your points to help trigger a donation by Rally to one of several worthy causes. When a charity reaches a certain point threshold, Rally will make a cash donation to that charity.

Are my Rally point donations tax deductible?

Sorry, no. Your health plan provider will be making a cash donation to each specified charity at the end of every calendar quarter if the number of Rally points donated collectively meets certain specified thresholds. As Rally points have no cash value and you are not making the donation directly yourself, they are not tax deductible for individual users.

How do I know if my redemption of Rally points went through?

Once you redeem your Rally points, you will be able to view all of your redemptions in the rewards tab by clicking “My Redeemed Rewards.”

When I redeem a discount, do I have to pay taxes on it?

No. The discount codes provided on marketplace are not deemed taxable income.
